

## Introduction

What is this tour about?

This KLM Boeing 747 Farewell tour is prepared in cooperation with IVAO. It is of course open for participation by both our IVAO and Vatsim pilots. Because of this, first of all we would like to express our gratitude for the great cooperation with the IVAO NL Events Department in preparing this Tour. Thank you guys!

Then a little bit of history: unfortunately, due to the worldwide corona pandemic, many airlines are retiring their older aircraft earlier than planned. Also KLM retires their Boeing 747 workhorses 1 year earlier than planned. The Boeing 747 first joined the KLM fleet in 1971 with the Boeing 747-200 series that was later converted to Boeing 747-300. The -300 can be recognized by the longer upper deck. The now retiring Boeing 747-400 joined KLM in 1989 and served for 31 years. Unfortunately, after almost 50 years and multiple types in the fleet, this icon of the KLM is disappearing out of the skies so it is now time to say farewell to this beautiful aircraft.

What's in it for me?

This Tour is open for participation, starting November 1 2020. There is no end date foreseen at this moment. We will announce in due time via our forum when we decide to close it.

With each leg you can earn the normal company points: 5 for the flight and 5 if you submit a correct Pirep of the flight.

Moreover, you earn an extra 25 points per leg if:

- you have the correct remarks "NLKLM747LEGXX" and "KLM VA" or "KLMVA" in your flightplan
- your flightplan states a correct aircraft
- you are using the indicated flightnumber as callsign for this flight (last digit may be altered)

After you have completed all 24 legs correctly, our administrator will award you with 24 times 25 = 600 company points and add a bonus of 150 company points, making a total of 750 points to be gained by flying this tour.

You can find a list of flown 747 Farewell tour legs under the "Tours & Events" menu.

Good luck and happy landings!

## Instructions

Read me first!

What are the rules?

1. Routing and flight levels are partially given and have to be observed, partially you will have to pick the correct NAT-tracks and create routes yourself.
2. You can use the 747 model you prefer. Prefix "HEAVY" is obligatory.
3. All legs must be flown online, with real weather; combination with KLM-VA Scheduled Flights is permitted wherever applicable.
4. Flights must be flown in real time mode (1x sim rate, no accelerated mode allowed).
5. Please pay attention to your flight plans. Flight plans with wrong departure/arrival airfields will NOT be accepted.
6. ATC guidance is not necessary all the way.
7. All legs have to be flown in the right order.
8. A maximum disconnection of 15 minutes will be accepted due to FS or PC crash reasons.
9. Remember to report legs in ZULU time.
10. Include as remark in your flight plan "RMK/NLKLM747LEGXX" (XX becomes 01, 02 etc.)
11. You must use the callsign provided in this documentation. Each flight has its own callsign that you must abide by. We understand that there may be someone else logged on with the callsign so we will allow you to change the last digit if needed. For example KLM685 can be KLM686 or KLM684.
12. You must disconnect after each completed leg.

You are all set to fly! Please continue reading to find information about each leg.

## Leg 1

Callsign KLM685

Rules: IFR

From: EHAM

To: MMMX

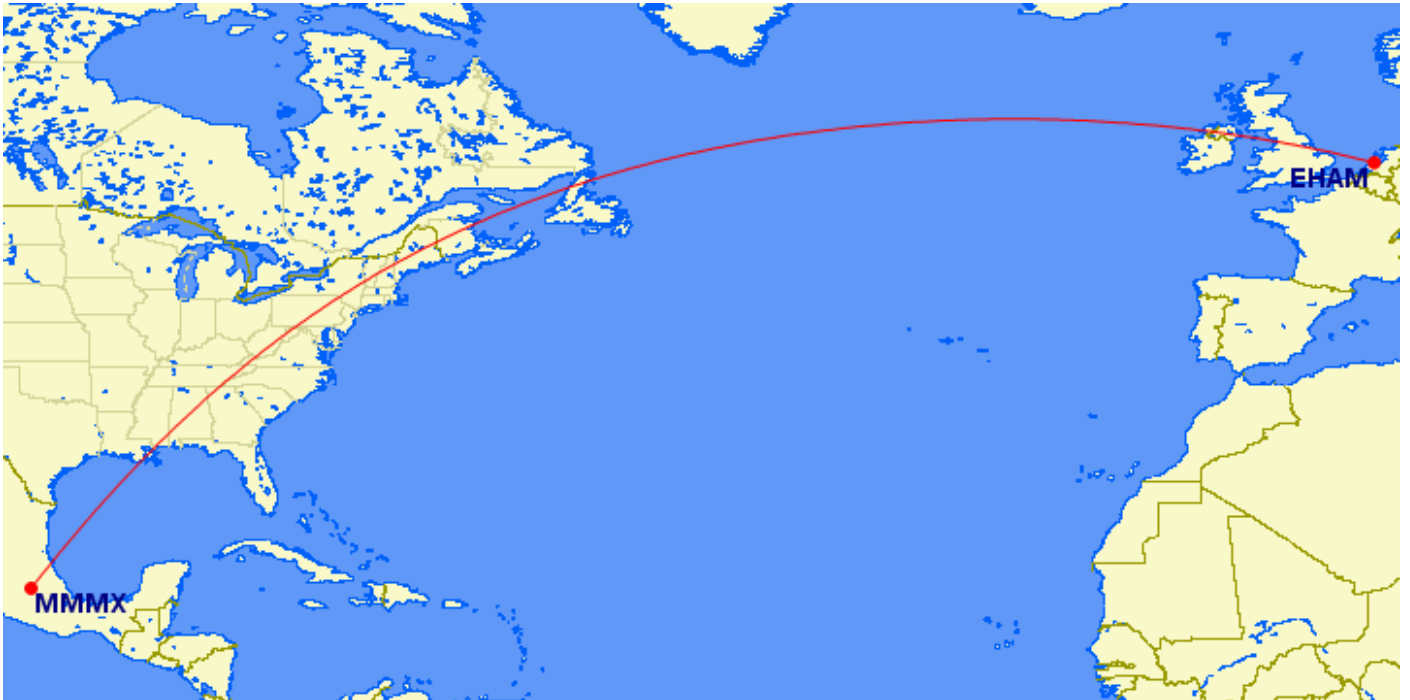

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4968NM

Time: 06:58

## Leg 2

Callsign KLM686

Rules: IFR

From: MMMX

To: EHAM

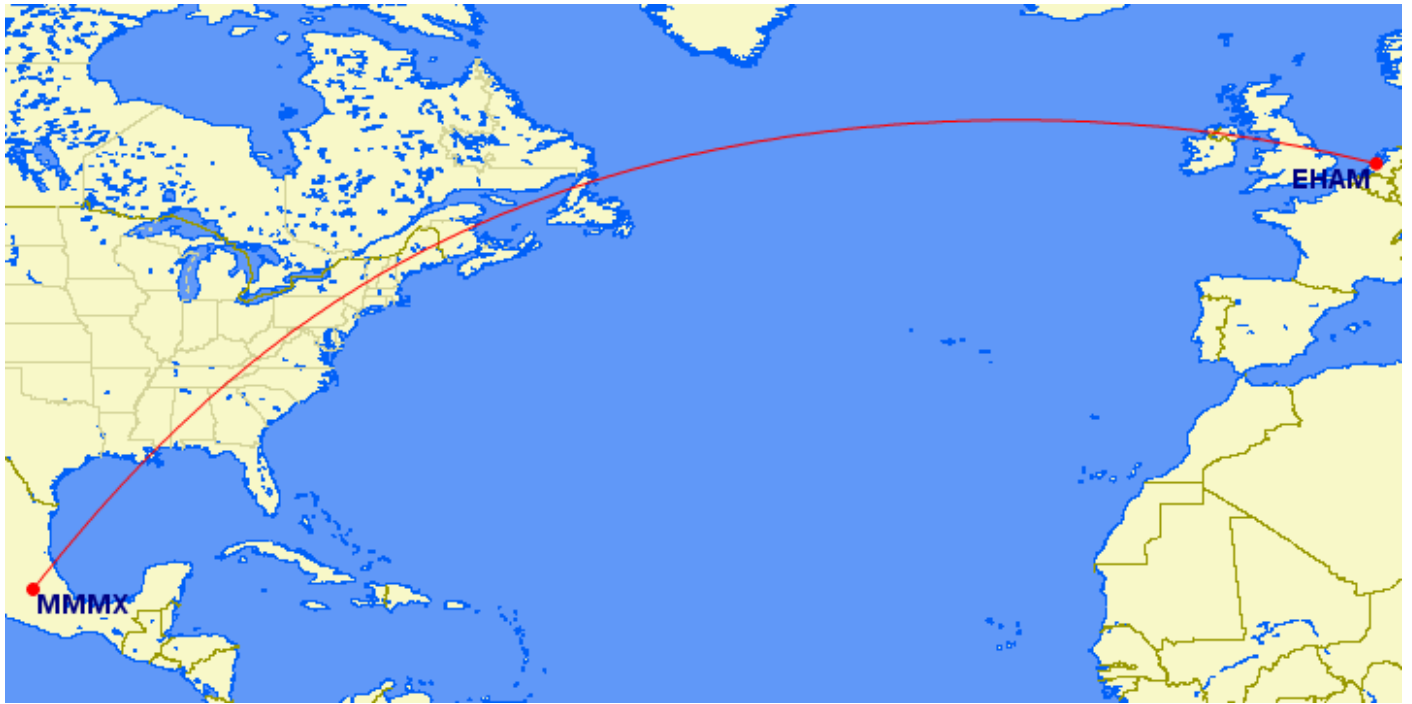

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4968NM

Time: 09:37

### Leg 3

Callsign KLM601/603

Rules: IFR

From: EHAM

To: KLAX

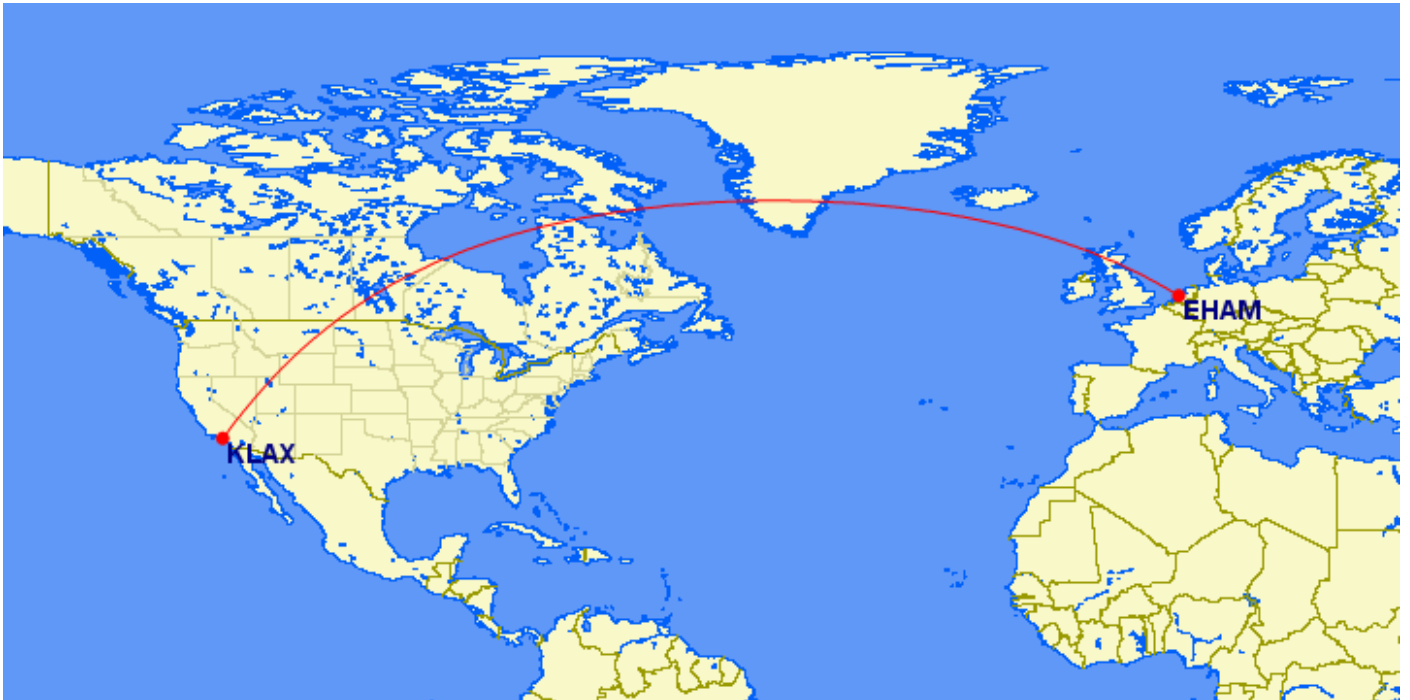

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4833NM

Time: 09:21

Leg 4

Callsign KLM602/604

Rules: IFR

From: KLAX

To: EHAM

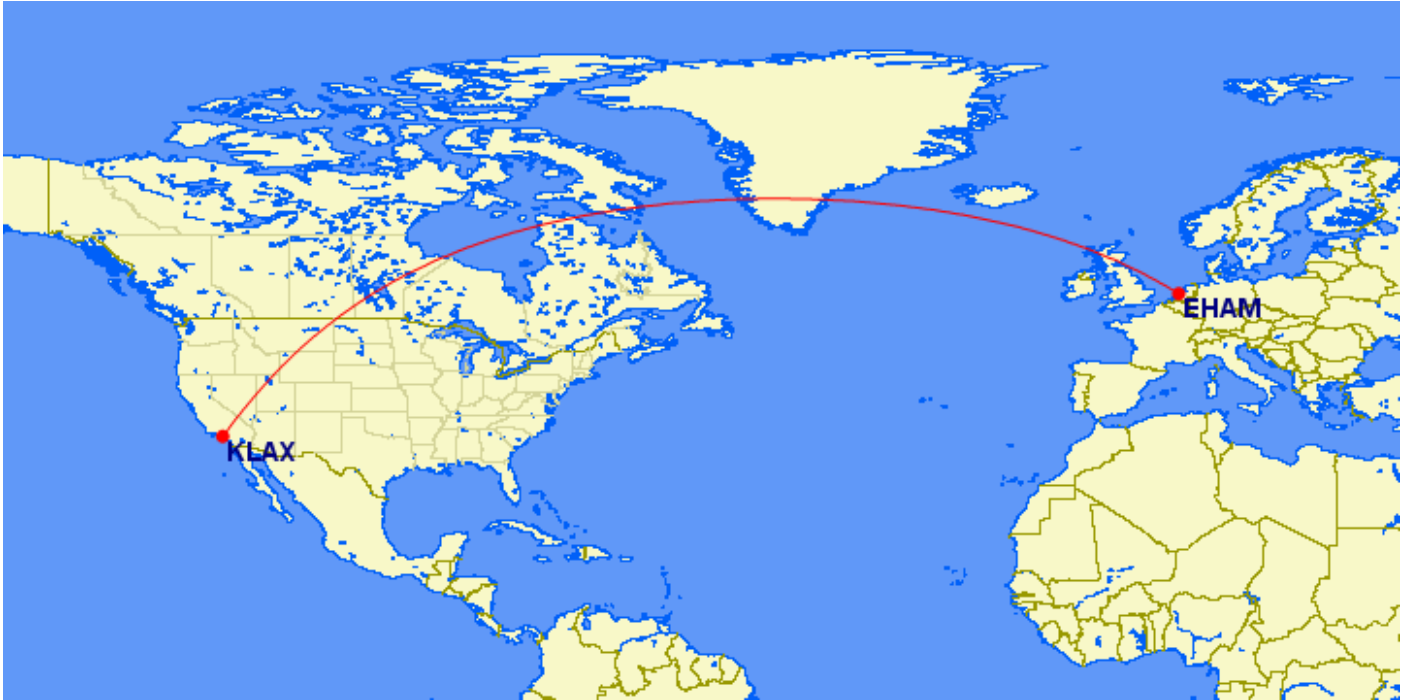

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4833NM

Time: 09:21

**Leg 5**

Callsign KLM605

Rules: IFR

From: EHAM

To: KSFO

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4741NM

Time: 09:10

**Leg 6**

Callsign KLM606

Rules: IFR

From: KSFO

To: EHAM

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4741NM

Time: 09:10

## Leg 7

Callsign KLM643

Rules: IFR

From: EHAM

To: KFJK

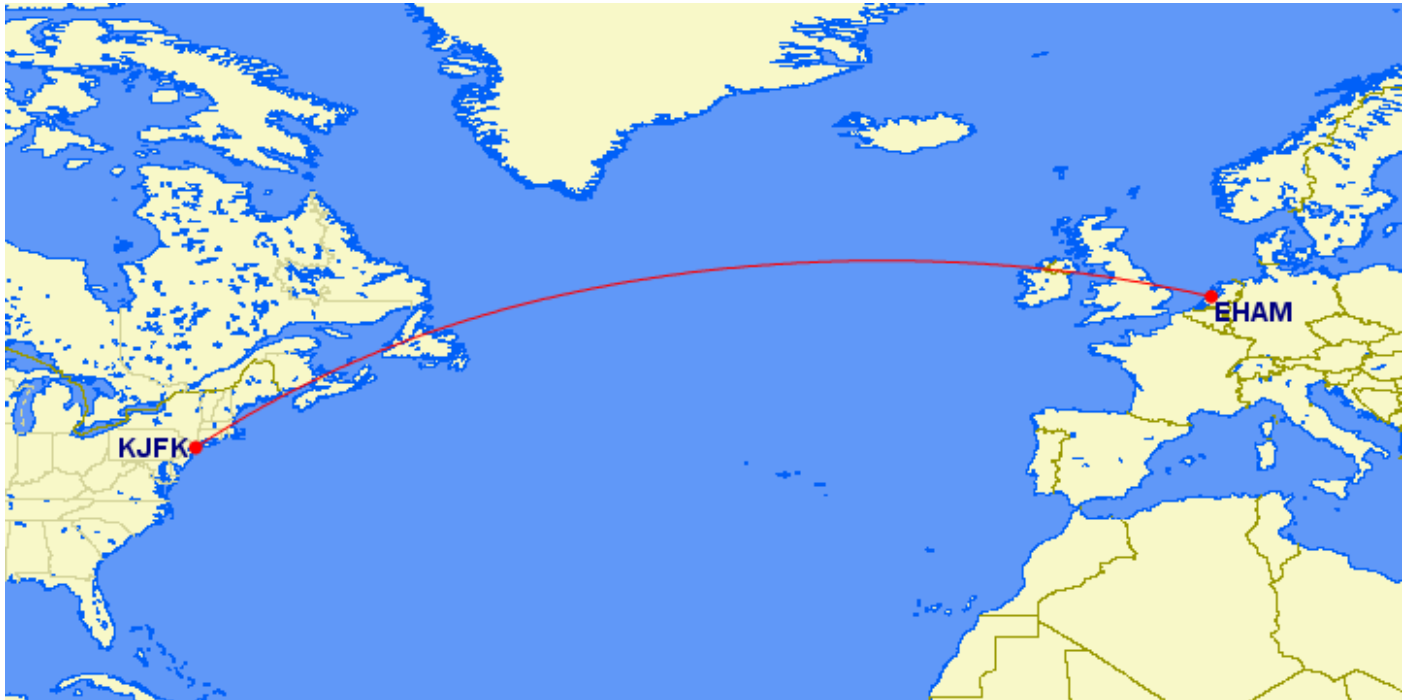

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

3155NM

Time: 06:06

## Leg 8

Callsign KLM644

Rules: IFR

From: KJFK

To: EHAM

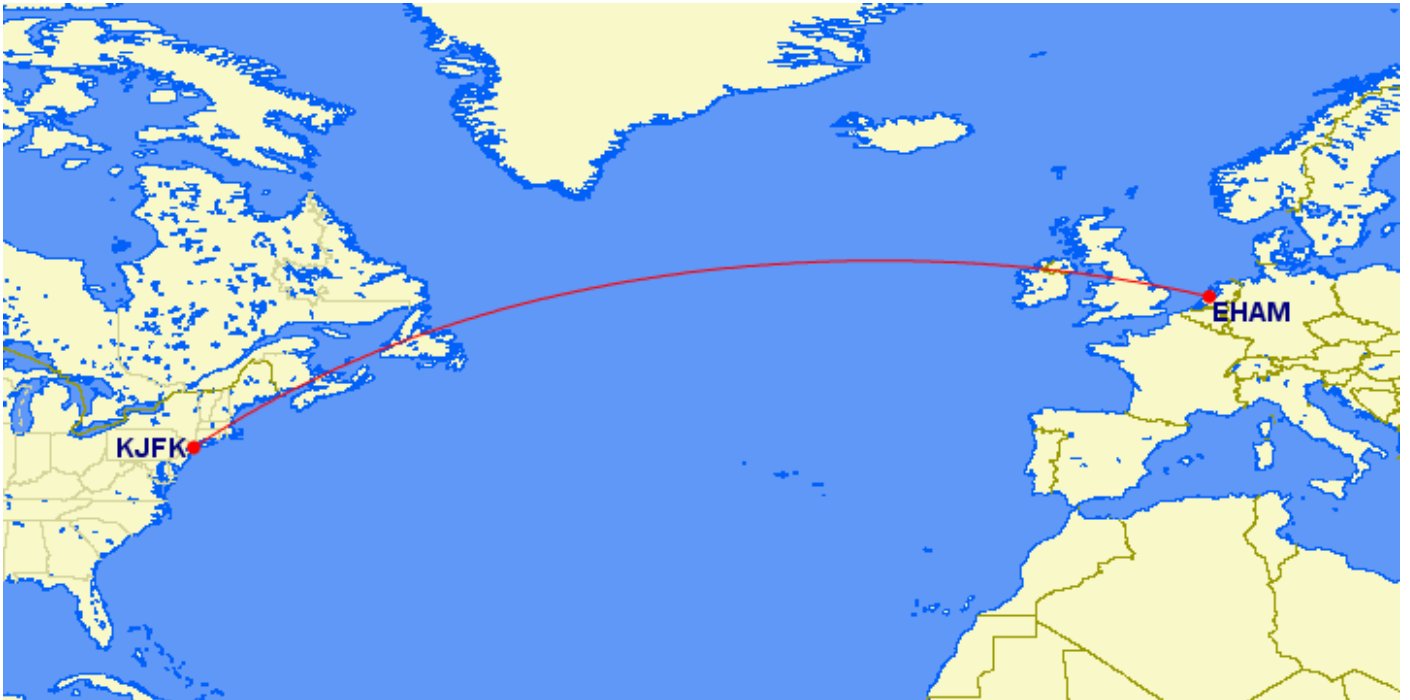

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

3155NM

Time: 06:06

## Leg 9

Callsign KLM661

Rules: IFR

From: EHAM

To: KIAH

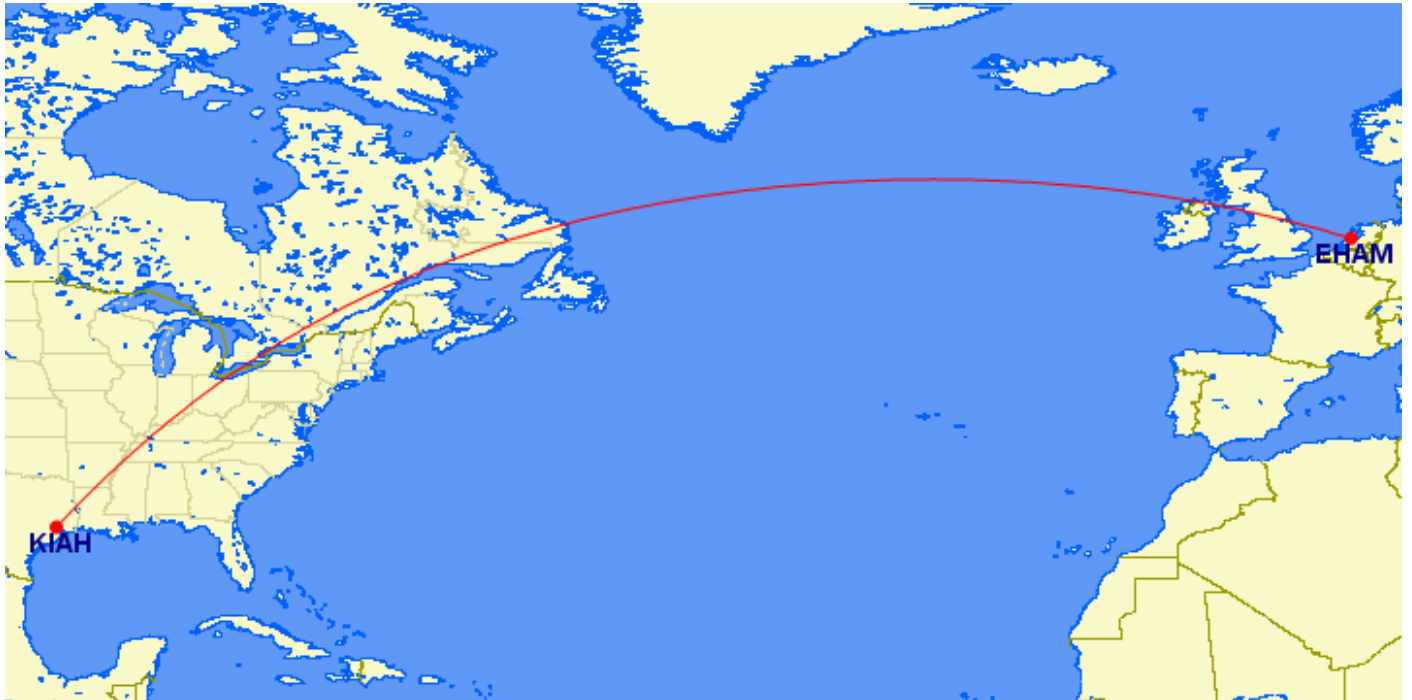

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)

FL450

M.90

4343NM

Time: 08:24

## Leg 10

Callsign KLM662

Rules: IFR

From: KIAH

To: EHAM

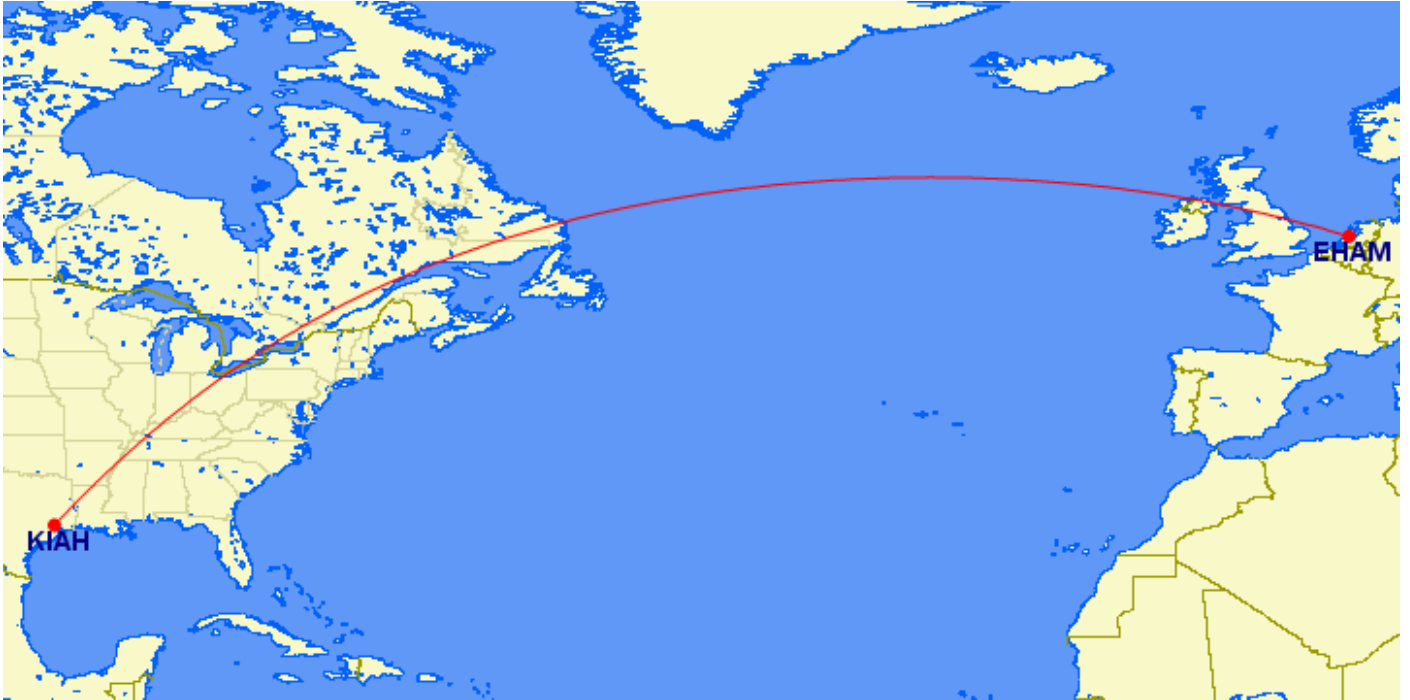

Route: No preplanned route available due to the availability of OTS (Oceanic Track System)
