

KLM-VA

Introduction

Hello pilot, congratulations! KLM offered you a seasonal contract to fly on an aircraft of the KLM Short Haul fleet. You will either choose an Embraer 175, Embraer 190, Embraer 195-E2, Boeing 737-700, Boeing 737-800 or Boeing 737-900 aircraft to fly to some nice destinations on the KLM Cityhopper and KLM route map. The flights are all shorter than 700nm. That means that you will arrive at your destinations in no time! This tour is particularly suitable for people that like short flights within Europe, and for pilots that like to fly with the Dutch airline KLM. Have fun flying the KLM Short Haul Tour!

Rules

- Maximum of 4 legs per day.
- All flights must be flown with a medium wake aircraft.
- All legs must be flown online, with real weather (report HW or TW when applicable).
- Flights must be flown in real time mode (1x sim rate, no accelerated mode allowed).
- Please pay attention to you flight plans. Flight plans with wrong departure/arrival airfields will NOT be accepted.
- ATC guidance is not necessary all the way.
- All legs have to be flown in the right order.
- A maximum disconnection of 20 minutes will be accepted due to FS or PC crash reasons.
- Remember to report legs in ZULU time.
- Include as remark in your flight plan "RMK/NLKLMSLEGXX (XX is your leg number).
- **You as a pilot are responsible for making a valid route yourself, while adhering to the local maximum city pair level caps.**
- **Flights must be flown using a KLM callsign.**
- **Each leg must be flown with either an Embraer 175, Embraer 190, Embraer 195-E2, Boeing 737-700, Boeing 737-800 or Boeing 737-900 aircraft**

Follow the IFR flight procedures for departures/arrivals when applicable.

You must disconnect after each completed leg

This tour is made in collaboration with the IVAO Netherlands Division. All credit belong to them!
